

November 11

8.45	Opening Session Filipe Moura (CNART2017 President) João Marques (President of Scientific Committee CNART2017) Mary Coffey (European Society for Radiotherapy and Oncology) Isabel Lobato (President of Associação Oncológica do Alentejo)
	Symposium: Image Guided Radiotherapy, on-line and off-line adaptive strategies Chairpersons: Áurea Lopes Ana Furtado
9.30	<i>MRI in radiotherapy, implementation in daily workflow</i> Jeroen Smienk (UMC Utrecht Cancer Center – The Netherlands) EN
10.00	<i>DIBH for breast cancer Radiotherapy using optical surface monitoring system</i> Fábio Reis (Clinique de la Source – Switzerland) PT
10.30	<i>Adaptive Radiotherapy, what do we know and where are we going</i> Bartosz Bak (Greater Poland Cancer Center - Poland) EN
11.00	Communication Industry AVANÇO – C-RAD Sofie Ceberg
11.15	<i>Break</i>
	Symposium: Advanced Planning, dosimetric optimization and evaluation Chairpersons: Paulo Fernandes Joana Barbosa
11.45	<i>Advanced Brachytherapy: application, development and research</i> Susana Gonçalves (Instituto Português de Oncologia do Porto) PT
12.15	<i>A novel and objective plan evaluation for limb sarcomas IMRT in the IMRIS phase II trial</i> Ana Rita Simões (East and North Hertfordshire NHS Trust – UK) PT
12.45	<i>RT plan competition: an update in head and neck and breast cancer</i> Rui Silva (Mercurius Health / Lenitudes Medical Center and Research) PT
13.15	<i>Lunch</i>
	Symposium: Education, research and recommendations Chairpersons: Isabel Lobato Ana Cravo
14.30	<i>Education, competences and advanced practice</i> Mary Coffey (School of Medicine, Trinity College – Ireland) EN
14.55	<i>The challenges in doing research</i> Mirjam Mast (Haaglanden Medical Centre – The Netherlands) EN
15.20	<i>Research development, apply for European funds</i> Guilherme Couto (University of Malta) PT
15.45	<i>National Qualifications Framework – Radiation Therapist</i> Filipe Moura (CUF Descobertas Hospital) PT
16.00	Communication Industry INTERPHYSIX – VisionRT <i>SGRT for DIBH – The first year in Heidelberg</i> Torsten Moser
16.30	<i>Break</i>
	RTTalks Round Table: The role of Radiation Therapist in the Society Chairpersons: João Marques Carina Marques
17.00	<ul style="list-style-type: none"> - Recognition and professional profile – Filipe Moura (ART President) PT -Who we are for the patient - Eduardo Soares PT -The relevance of RTT for patients associations – Isabel Lobato (AOAL President) PT - How do RTTs look in Europe and Worldwide – Mary Coffey (ESTRO) EN
18.00	ART General Assembly
20.00	Social Event CNART2017

November 12

	<p>Simposium: Technical Innovations and Radiotherapy Precision <i>Chairpersons: Guilherme Couto Marco Caetano</i></p>
9.00	<p><i>Protontherapy implementation and clinical/technical considerations</i> Francesco Fracchiolla (Centro di Protonterapia di Trento - Italy) EN</p>
9.30	<p><i>Nanotechnology/therm applied to Radiotherapy</i> Daniela Pereira e Tiago Costa (Universidade do Minho) PT</p>
10.00	<p><i>Robotic Radiotherapy – Technological vision and shift in the paradigm</i> Paula Genésio (Julio Teixeira) PT</p>
10.30	<p>Communication Industry ONCOTHERM <i>Abscopal and immune-effects with modulated electrohyperthermia</i> Andras Szasz</p>
11.00	<p>Break</p>
	<p>Proffered Papers <i>Chairpersons: Jorge Faria Daniela Ribeiro</i></p>
11.30	<p><i>Determination of PTV margins in gynaecological cancers using setup error</i> Al Amin Sarker (United Hospital Limited - Bangladesh) EN</p>
11.50	<p><i>Quality of life in patients with bone metastasis: validation of the scale EORTC QLQ BM22</i> Ana Mafalda Mendes (Clínica de Radioncologia de Santarém)</p>
12.10	<p><i>Radiotherapy beyond Oncology: Prevention of heterotopic ossification – case study</i> Ana Lopes (Centro Hospitalar Barreiro Montijo)</p>
12.30	<p><i>Evaluation of positional deviations in patients with head and neck tumors treated with VMAT</i> João Pedro Costa (Escola Superior de Tecnologia da Saúde de Lisboa)</p>
12.50	<p><i>Impact of the use of tissue expanders in patients with breast cancer</i> Paulo Fernandes (Mercurius Health / Clínica de Radioncologia de Santarém)</p>
13.15	<p>Lunch</p>
	<p>Simposium: Metastatic disease: low tech or high tech approach? <i>Chairpersons: Filipe Moura Ana Rita Antão</i></p>
14.45	<p><i>Ablative radiotherapy for bone metastases: when and how?</i> Piet Dirix (GZA – Belgium) EN</p>
15.15	<p><i>Palliative care in cancer: why, when, how? A radiation oncologist's perspective</i> Beatriz Nunes (Fundação Champalimaud) PT</p>
15.45	<p>Communication Industry ELEKTA <i>MR-LINAC - Two Worlds, One Future</i> Fernando Lopes</p>
	<p>Simposium: Therapeutic approach in Paediatric patients <i>Chairpersons: Dina Henriques Susana Gonçalves</i></p>
16.00	<p><i>Dose impact during Radiotherapy verification using kV 2D and CBCT for paediatric patients</i> Sara Gomes (Instituto Português de Oncologia de Lisboa) PT</p>
16.30	<p><i>Video launching during irradiation – an alternative to anesthesia in paediatric patients?</i> Cátia Águas (Clinique Edith Cavell - Belgium) PT</p>
17.00	<p>Awards Ceremony: "best poster" and "best oral presentation"</p>
17.30	<p>Closing of CNART 2017</p>
